## PROFILE SUMMARY

---

Detail-oriented and analytical Data Analyst with a strong foundation in SQL, Python, Advanced Excel, Power BI, and Tableau. Skilled in data analysis, data cleaning, data validation, exploratory data analysis (EDA), data visualization, dashboard development, KPI reporting, business reporting, and business intelligence. Proficient in identifying trends, analyzing complex datasets, and transforming data into actionable insights to support data-driven decision-making. Strong analytical, problem-solving, and reporting skills with the ability to transform complex data into meaningful insights that support business growth and informed decision-making.

## EDUCATION

---

- **Master of Computer Applications**, Invertis University in 2024-2026
- **Bachelor of Computer Applications**, Specialization in Cloud Technology and information Security (CTIS), Assam Downtown University in 2020-2023
- **Class 12th (CBSE)** in 2020
- **Class 10th (CBSE)** in 2018

## SKILLS

---

- **Programming:** SQL (MySQL), Python, JavaScript, HTML, CSS
- **Data Analysis:** Data Cleaning, Data Validation, Exploratory Data Analysis (EDA), Data Visualization, Dashboard Development, KPI Reporting, Business Intelligence
- **Tools, IDEs & Cloud:** Git, GitHub, Jupyter Notebook, Visual Studio Code, AWS
- **Data Visualization:** Tableau, Power BI, Matplotlib
- **Libraries:** Pandas, NumPy, Scikit-learn
- **Advanced Excel:** Pivot Tables, Power Query, VLOOKUP, XLOOKUP, INDEX-MATCH, Conditional Formatting, Charts

## INTERNSHIP

---

### Data Science Master Virtual Intern

AICTE – EduSkills (Supported by Altair), Invertis University

April – June 2025 | Virtual Internship

- Successfully completed a 10-week intensive internship focused on Data and its applications.
- Gained practical exposure to data preprocessing, data visualization, and basic machine learning techniques using Python.
- Worked on real-time case studies and assignments to strengthen problem-solving and analytical skills.
- Developed Understanding of cloud-based tools and collaborative virtual platforms used in data science project

## Projects

---

### Sharjah MIS Excel Report

**Tools:** Advanced Excel, Pivot Tables, Power Query, Charts

- Developed an MIS report in Advanced Excel to analyze and organize business data.
- Performed data cleaning and validation to improve data accuracy and consistency.
- Created Pivot Tables, charts, and summary reports to monitor key business metrics.
- Automated reporting using Excel features to improve reporting efficiency.

## Mobile Sales Dashboard

**Tools:** Power BI, Excel

- Designed an interactive sales dashboard to visualize business performance and key sales metrics.
- Analyzed sales data using charts, filters, and KPI cards to identify trends and support decision-making.
- Developed dynamic reports to monitor sales performance across different categories and time periods.
- Presented business insights through clear and interactive visualizations.

## Smart OLMS (Smart Online Library Management System)

**Tools:** Python, Flask, SQLAlchemy, SQLite, HTML, CSS

- Developed a web-based Library Management System with secure user authentication and role-based access.
- Implemented modules for book management, issue/return tracking, and eBook management.
- Designed and managed the database using SQLAlchemy and SQLite for efficient data storage and retrieval.
- Built a responsive user interface to improve usability and streamline library operations.

## Personal Portfolio Website

**Tools:** HTML, CSS, Bootstrap, JavaScript

- Designed and developed a responsive personal portfolio website to showcase technical skills, projects, certifications, and achievements.
- Implemented a clean and user-friendly interface with dedicated sections for About, Projects, and Contact.
- Optimized the website for seamless viewing across desktop and mobile devices.

## Certifications

---

- **Data Analytics Essentials** – Cisco Networking Academy (2026)
- **Microsoft Excel with A.I** Masterclass – SkillCourse (2026)
- **LLM for Young Developers** – Foundational Course – AICTE, INDIAai, Meta & NASSCOM FutureSkills Prime (2026)
- **SQL and Relational Databases 101** – IBM Cognitive Class (2025)
- **Python 101 for Data Science** – IBM Cognitive Class (2025)
