Ghazipur, Uttar Pradesh

Phone Number: - 9336701535

Email Id: - md.irshad.adtu029@gmail.com

LinkedIn: - <https://www.linkedin.com/in/md-irshad07>

Education

- Currently pursuing **Master of Computer Application** at Invertis University (2024-2026)
- Completed **Bachelors of Computer Application with Specialization in CTIS at Assam Downtown University** in 2023
- Completed **Class 12th (CBSE)** in 2020
- Completed **Class 10th (CBSE)** in 2018

Skills

- **Programming:** Python, JavaScript, HTML/CSS, MySQL
- **AI/ML Libraries & Frameworks:** Scikit-learn, Pandas, NumPy
- **Tools, IDEs & Cloud:** Git, GitHub, Jupyter Notebook, Visual Studio Code, AWS
- **Visualization:** Tableau, Power BI, Matplotlib
- **Data Analysis Tools:** Excel (Advance – Pivots Tables, VLOOKUP, Power Query)

Internship

Data Science Master Virtual Intern

AICTE – EduSkills (Supported by Altair), Invertis University

April – June 2025 | Virtual Internship

- Successfully completed a 10-week intensive internship focused on Data and its applications.
- Gained practical exposure to data preprocessing, data visualization, and basic machine learning techniques using Python.
- Worked on real-time case studies and assignments to strengthen problem-solving and analytical skills.
- Developed Understanding of cloud-based tools and collaborative virtual platforms used in data science project

Projects

Personal Portfolio Website

February – April 2025

- Developed a personal portfolio website using HTML, CSS, and Bootstrap to showcase projects and skills.
- Implemented a clean UI with structured sections such as About, Projects, Blog, and Contact.
- Ensured cross-device responsiveness for seamless user experience on desktop and tablet.

RETAIL SALES ANALYSIS

September – November 2024

- Managed data integrity by handling missing values and encoding categorical variables, enhancing quality by 33%.
- Conducted transformation and data cleaning using python libraries.
- Created charts and plots to visualize the entire dataset to make it understand the entire dataset.
- All the efficient techniques used to remove outliers and null values.

REMINDME - DAILY ROUTINE WEBSITE

March – June 2023

- RemindME is a web-based application designed to help users manage their daily routines effectively.
- It allows users to create schedules, set reminders, and track tasks effortlessly.
- RemindME is user-friendly, ensures better time management by organizing daily activities in a structured manner.
- I did this project when I was in BCA

Certifications

- MS OFFICE Essentials from TECHNOVA.
- Power Bi One Day Workshop by DUCAT at Invertis University.
- Certification from IBM in Python 101 for Data Science at Invertis University
- Certification from IBM in SQL and Relational Databases 101 at Invertis University
